

EFFECTIVE LEADERSHIP AND PEOPLE MANAGEMENT PROGRAM & MASTERCLASS

Are you equipped with the means for success in your leadership role?

As the premier provider of people management and leadership training in Australia and New Zealand, CCG bring to you a suite of high quality, personalised training and coaching that will offer you support and growth in your supervisory or management role.

The best leaders display high standards of professional and ethical behaviours, as well as personal qualities and behaviours that act as a role model for others. They know that the ability to manage and coach the team starts from day one of an employee's employment, and is a continual process throughout their time in-practice.

Learn the key skills to lead, coach and mentor your team to success, and support your team through all forms of change in your practice.

Our one day workshop will cover the following and more:

- Discovering your personal leadership style
- Understanding your HR responsibilities
- Effective communication and dispute resolution skills
- Providing feedback and handling poor performance

Our innovative support and growth program includes our 6 module, online Leadership Intelligence Program short course coupled with 4 x coaching sessions with an industry experienced coach. Plus benefit from innovative ideas with a network of industry colleagues. You also have the choice of attending the one day masterclass as part of the full program, or as a stand alone masterclass.
