Leadership Intelligence - Want to know more?

Developed for those in, or aspiring to be in leadership positions, our Leadership Intelligence Program will enable participants to develop their leadership skillset, and support them to excel in the key areas of effective team leadership and people development.

Program inclusions:

6 x Online training modules

We include six modules covering the key principles of leadership. Within these modules participants will be guided through online learning and provided with activities and workplace implementation exercises facilitating direct application of the principles to the practice.

Downloadable notes and tools

Participants will have access to downloadable Learning Guides and implementation tools to support their ongoing learning and application to their role in the practice.

Certificate of achievement

At the completion of the program, participants will receive a Certificate of Achievement to acknowledge their accomplishment.

Optional coaching and support program

Gain additional support with a personalised coaching program. Our personalised coaching option will provide your leaders with a mentor to support them in the learning and implementation of skills into your practice and maintain momentum and motivation.
