

# Recent Vet Graduate Support Program 2025

# Why Choose Our Program?

The transition from university to clinical practice can be challenging. Our Recent Vet Graduate Support Program is designed to bridge the gap, equipping new and recent graduates with the skills, confidence, and support they need to thrive in their foundation years.

## New and recent graduates will benefit from:

### Tailored Development

We focus on the unique challenges faced by new graduates, offering personalised guidance to help you navigate your first years in practice.

### Holistic Learning

Our program combines clinical case studies, practical self-evaluation, and personal development workshops to ensure a well-rounded experience.

### Essential Soft Skills

Master emotional intelligence, client communication, consultation structure, and financial conversations—skills critical for professional success.

### Professional Coaching and Guidance

Gain insights and mentorship from experienced professionals to help build confidence and excel in your role.

### Networking Opportunities

Connect with other recent graduates, share experiences, and build a supportive professional network.

# More About Our Program

The Recent Vet Graduate Support Program supports new and recent graduates and associates through their foundation years in clinical practice. The program has been developed with three key aspects

## 1. Personal Development

A series of interactive digital workshops and individual coaching sessions, covering essential elements including emotional intelligence, selfcare, working in teams, dealing with difficult clients, structuring successful consultations, fee setting and financial conversations.

## 2. Clinical Case Studies

A calendar of case study reviews and example template for participants to prepare and discuss with their managing/senior vet.

## 3. Self-Evaluations

Self-evaluation appraisal tool for participant and their Manager to regularly review progress and development throughout the program. Assists in identifying where further training, focus and support is required, proactively address any areas of concern, and set goals for achievement

## Participants will gain:

- Increased confidence in handling clinical cases and client interactions
- A supportive network of like-minded professionals and experienced mentors
- Improved communication, time management, and problem-solving skills
- Tools to manage stress, prevent burnout, and cultivate a positive work-life balance

## Program Coach:

Tracey is one of CCG's most trusted and respected Consultants. As an experienced new graduate coach, she plays an integral role in delivering all of CCG's new and recent vet graduate support programs. Benefit from her years of in-practice experience and practical guidance.
